HONGKONG STRIKE SITUATION.

ONLY A FEW MINOR DEVELOPMENTS.

POLICE ENFORCING THEIR POWERS OF DEPORTATION.

There were only minor developments in the strike situation yesterday. A few more men went out here and there but they did not materially affect the position. The general strike, as announced in our last issue, is in full swing and any change now must almost necessarily be a change for the better.

In the meantime it is satisfactory to note that the Police are putting into force the powers of deportation granted to them by the order of the Governor-in-Council, and it is sincerely hoped by all that the policy of rounding up the undesirables will be pursued ruthlessly. The parade of the armed forces of the Colony last evening made a brave show, and it is a thousand pities that demonstrations of this character were not made at the commencement of the trouble.

A good many of the *Daily Press* workmen left yesterday morning, despite police protection and all other precautions, and this paper has only been produced with the greatest difficulty. The indulgence of subscribers is, therefore, asked for any imperfections. Yesterday's strike details are as under:

DEMONSTRATION MARCHES. CHINESE STREET COMMITTEE.

Yesterday evening the 1st Battalion the East Surrey Regiment, the Hongkong Volunteer Defence Corps and a detachment from the British naval boats in harbour made a demonstration march through the City. The Surrey's headed by their regimental band and the naval contingent, 1,000 strong, from H.M.S. *Titanic*, H.M.A.S. *Brisbane* and from submarines, headed by a Naval band, went through the Western district. The Volunteers marched via Happy Valley to the Eastern district and returned through Wanchai to Headquarters.

KOWLOON BUS SERVICE.

Following one day's dislocation as a result of the drivers and conductors employed by the Kowloon Motor Bus Co. leaving their work on Monday morning, an adequate service was run yesterday.

Some of the strikers returned to duty, and the places of the others were taken by Indian and Chinese volunteers. Normally just over 30 buses are used on the various runs, and yesterday 19 were working. These were on the Sham Sui Po and Hungshom runs, no buses being run to Laichikok.

An interesting story concerning the strike of the bus drivers is being told. A European, at tiffin time on Monday, attempted to board a bus and the conductor firmly informed him "No Europeans." Waiting until the bus was full of Chinese, while helpless Europeans had to stand by, the Englishman, who happened to be a policeman off duty, turned all the Chinese out of the bus, including the driver, loaded up with Europeans, and drove the bus himself.

On Monday morning a few of the men at the Kai Tak Co., Kowloon, received intimidating notices and ceased work. The others followed suit in the afternoon in spite of the exhortations of the Managing Director, Mr. Wong Kwong Tin, and the Manager, Mr. Tso Chi On. Eventually, Mr. Tso Chi On who is an experienced driver, took charge of one of the buses, and three of the drivers followed his example. Mr. Tso continued his bus all day on Monday. Yesterday nearly all the drivers came back and twenty buses were operated, this being the usual number which the Company has on the road.

THE SHIPPING POSITION.

Little change was noted in the local shipping position yesterday. For the 24 hours ended 9 a.m. yesterday there were two arrivals, these being the s.s. *Mau Sang* and the s.s. *Cassio* (both British). There were 7 departures, against five arrivals and five departures for the previous 24 hours.

The s.s. *Hailong* arrived from Foochow and Swatow with a crew comprising nine Europeans, eight Chinese, four Malays and four Indian guards. She carried a cargo of tea, wood-planks and general merchandise.

The Dollar around the world liner *President Garfield* left at noon yesterday for Manila, 1,300 tons of cargo having been discharged in a little over 24 working hours.

"EMPRESS OF CANADA."

On enquiry at O.P.R. offices yesterday the *Daily Press* was informed that the Chinese members of the crew of the *Empress of Canada* left the vessel after her arrival in port on Monday. She has a Russian crew numbering 167 and these, with the local voluntary workers engaged to act as stewards, waiters and in similar capacities, will be enough to work the ship when she sails on Friday at daylight for Vancouver, via Shanghai, Kobe, Shimizu and Yokohama. There were many more volunteers for jobs than there were vacancies.

CHINESE STREET COMMITTEE.

Over 1,000 Chinese have now registered at the Chinese Labour Office. Dr. Tso, the Labour Controller, informed a *Daily Press* representative yesterday that a Street Committee had been formed to select Chinese to guard the streets in which they lived. These men will be armed with batons and will do similar service to that of the district watchmen.

RETURNING CHINESE.

The scenes at the wharfs yesterday afternoon, when the *Paul Beau* and *Sai On* arrived from Canton were reminiscent of those witnessed when the Canton trouble was at its height. Both boats were crowded with Chinese, their number being over 1,800. Every Chinese passenger was searched and examined, and a number of them were taken to the Central Police Station for further examination. A few Europeans from the Shamen arrived on the *Sai On* and they stated that all was quiet in Canton.

INTIMIDATOR GAOLED.

At the Central Magistracy yesterday before Mr. S. B. B. McElderry, a Chinese coolie was charged with having intimidated a number of coolies working at Kennedy Town.

Mr. C. A. S. Russ, who was for the defence, entered a plea of mistaken identity and commented upon the danger of offering rewards for alleged agitators. Accused was sentenced to two months' hard labour with a fine of \$100 or a further two months.

RESERVIST CATCHES THIEF.

A Chinese police reservist was, on Monday, responsible for the arrest of a Chinese who had stolen some timber from a yard at West Point. At the Central Magistracy yesterday, defendant was fined \$5 or one week's imprisonment.

The same police reservist arrested a Chinese who was charged yesterday morning with having intimidated an Englishman. No conviction was registered but the accused was held over pending an order for banishment. These are the first arrests made by a Chinese reservist during the strike.

150 IDLERS ARRESTED.

The new powers given to the Police to arrest and have deported persons having no regular employment in the Colony, have quickly been put into operation.

Up to yesterday morning 20 or 30 persons had been arrested, and many more were arrested during the course of the day. Altogether nearly 150 were detained.

It is understood these will be dispatched by the ordinary river steamers, as soon as the necessary arrangements have been made for their deportation.

ST. JOHN AMBULANCE BRIGADE.

The Ambulance Brigade now has men on duty ready for a call by night or day. Meanwhile, training is still proceeding strenuously and all members will be required in a few days to pass the Ambulance Association Examination in First Aid, after which they will enter upon a further course of training. No incompetents are retained in the Corps.

In the intervals, while "standing by," all the members are engaged in public service, some in the Post Office, others at the Fire Brigade Station with the Motor Ambulances, etc., while others again are prepared for special sanitary service under the Sanitary Department. Arrangements made apply to both Hongkong and Kowloon.

WAR DEPARTMENT EMPLOYEES.

Any employee of the War Department who absents himself without leave for more than six consecutive days during the present strike will be considered to have left his employment and will be struck off the books.

He will thereby forfeit all claim to gratuity in respect of his previous service, and pay for work performed since the last pay day.

Should any employee offer himself for re-employment after discharge, he will, if his services are required, be taken on as a new hand, and at the lowest rate of pay for his trade or calling.

The Daily Press

Hongkong, July 26th, 1925.

ABOUT OURSELVES.

We are uncertain, as we write, whether the Daily Press will be published to-day.

Up till yesterday practically all of our men remained at their posts. They were frightened, and have been frightened for two weeks past, and at their own request we had a police picket stationed outside of our printing works night and day.

The men wanted it demonstrated to the world that they were virtually prisoners. They were allowed to sleep on the premises and something in the shape of a communal kitchen was established.

But it was of no avail. When work was finished in the early hours of Monday morning all of the men, with the exception of three foremen, vanished, leaving behind a general impression that they did not intend to return. This impression has been strengthened by a letter sent during the day by one of them to his immediate chief announcing that owing to the serious times through which we are passing he considered it advisable to absent himself temporarily from the office. A few turned up at their proper time during the afternoon but at the moment every man from one most essential department is absent, and although we are carrying on in the hope that we shall struggle through it is exceedingly doubtful whether the paper will be printed.

We do not blame the watchmen who had on duty at our doors. They were not of the type or the experience to instill confidence in Europeans and the Chinese themselves complained bitterly that they were of little use because they had no arms. From our own observation we were satisfied that they were very much

better and "safer" without arms, but the Chinese do not view matters in the same way as ourselves. The sight of a rifle presumably gives them confidence and they care little whether the owner of the weapon is more likely to injure himself or some innocent passer-by. But we doubt whether a trained and armed guard would have kept the men in, unless, of course, they had authority to treat them actually as prisoners. The exodus was undoubtedly due to intimidation who, we have reason to believe, in our case at least, have been more active during the past few days than at any time previously.

How was intimidation possible in the neighbourhood but they did go for short walks occasionally, and it is likely that a few of them have been subjected to sly threats in the streets. But we believe that communication was established with them by telephone. Time and again when a European has been on duty someone has rung up to enquire for one of the workmen. Invariably the questioner was told that the man was not in. But it is impossible to keep a European at the telephone every hour of the twenty-four and there is little doubt that the intimidators, agitators or whoever they are simply waited upon their opportunity. The threats when they came were sufficient to create a panic strong enough to break through all the precautions the Europeans had taken. The simple fact has to be faced that Government guarantees, proclamations, threats of imprisonment, deportation and flogging are of no avail. Why? Because the policy of the British Government towards the Chinese has always been paternal and kind. The Chinese realise that our traditions will not allow us to take the law into our own hands and treat them as they are unhappily led to believe they will be treated by their own countrymen if they do not implicitly carry out the orders of some sinister and secret body which they are convinced is operating in our midst. Money apparently is no consideration. Some of the Daily Press men who have left are skilled linotype operators. They can only secure employment with a European firm and the rates of wages paid in Hongkong are, upon an average, almost double those paid in Shanghai. They certainly, therefore, cannot go elsewhere and fare better.

It is difficult to know what can be done under conditions such as these. It would be advisable perhaps to limit the use of the telephone to Europeans and certain Chinese subscribers, but we are ready to admit that it is rather late in the day to take such a step. It might have been efficacious a fortnight ago but now the evil has run its course. The same remark applies to yesterday's military demonstration. When the strike was started this display of force was advocated but no action was taken. All that remains is to hope that the Police will use their new powers of deportation effectively. It may be taken for granted that the strikers who remain in the Colony do not wish to leave, and the Government must show that the time has come when their wishes will no longer be consulted in the matter. They ought to have been deported as soon as the trouble commenced, when the example might possibly have stiffened some of the ravers. Everyone thought such was to be the official policy but it was, for some reason, not carried through. All we can say now is "Better late than never."

But there should be no faltering or hesitancy and it will be a mistake if discrimination is exercised between rich and poor. In another column we give an account of the excellent work some of the members of the Chinese community are doing. It should be borne in mind that there are supplies in the Colony which will last for months to come. There is no possibility of any interference with the incoming supplies.

A number of the Sisters of the Taikoo Hospital did not return to work yesterday morning.

All West River boats leaving for Canton yesterday were again crammed with Chinese leaving the Colony.

Enquiries at the large firms responsible for the supply of petrol, kerosene and motor oils, elicit the information that there are supplies in the Colony which will last for months to come. There is no possibility of any interference with the incoming supplies.

The R.M.S. *Empress of Asia* arrived at Kobe on Monday, July 26th, at 8 a.m., and left at noon. She is due at Yokohama on July 27th, at 4 p.m.

The total output of the Kailan Mining Administration's mines for the week ending June 30th amounted to 84,920 tons and the sales during the period to 76,103 tons.

Following the seizure of two consignments of kerosene oil on the Canton River, the Taipo Magistrate has ordered the confiscation of 98 cases, comprising one lot. A decision has not yet been made concerning the second consignment.

Five women and two men appeared before Mr. S. B. McDermott at the Central Magistracy yesterday, charged with cutting down trees on the hillside at Shaokwan, and were fined \$10, or, in default, two weeks imprisonment.

The return of notifiable diseases in the Colony for the week ended on July 24th shows 1 death from enteric fever, and 2 fatal Chinese cases of cerebro-spinal fever. The return for the 24 hours ended on July 24th shows 1 Chinese case of the same complaint.

The Hongkong and Shanghai Bank have declared an interim dividend of 20 a share, subject to the deduction of income tax, for the half year ended June 30th. The dividend will be paid at the rate of 2/3 per dollar on and after Monday, August 10th, at the offices of the Bank where shareholders are requested to apply for warrants.

Two Chinese were fined \$10, or, in default, two weeks imprisonment, by Mr. E. W. Hamilton at the Kowloon Magistracy yesterday, for cruelty to ducks and chickens, which were being taken from Taipei to Kowloon. Mr. E. Baken gave evidence, and said in one basket the fowls were actually piled three deep.

LEGISLATIVE COUNCIL.

THURSDAY'S MEETING.

A meeting of the Legislative Council will be held on Thursday, July 26th, at 4.30 p.m. when the Orders of the Day include the first reading of a Bill intituled An Ordinance relating to the postponement of the June settlement.

The Standing Orders will be suspended so as to enable the Bill to be passed through all its stages at one sitting.

HONGKONG STRIKE SITUATION.

(Continued from page 1.)

GENERAL NOTES.

On inquiry at the Hongkong Hotel yesterday, we were informed that the staff was carrying on actively and cheerfully. Up to yesterday evening forty thousand meals had been served since the beginning of the strike. Monday being the record when 2,757 meals were served. The staff at Café Wiseman are also carrying on well, and over a hundred persons are served there with tiffin daily.

Telephone subscribers who receive a call from an unknown source would be well advised to tap the receiver once or twice while the conversation is in progress. The operator at the Exchange will then take note of the number and address of both talker and listener and furnish the information upon application being made later. No Chinese telephone letters are now employed by the Hongkong Telephone Company and they thus have no business to enter houses.

Some fifteen operators and all the office boys employed by the Great Northern Telegraph Company left work yesterday morning.

Yesterday reports were made to the authorities that a few of the taxi and car drivers had left their work.

The Hongkong Tramway Company have now secured sufficient Volunteers to run an adequate service during this period of crisis. The cars are running well to schedule time between the different termini.

Cheung Chau residents are prepared for any emergency, having formed a "police reserve" amongst themselves. The force numbers about 30 and night patrols are being undertaken.

There was a scarcity of fruit in the Colony yesterday, and the majority of the fruit stalls at the local markets were closed. Local stores also had little fruit for sale.

Notices are soon to be posted on the Peak Tramway to the effect that the tramway is under military protection and any person found trespassing or appearing to trespass on the track between 8 p.m. and 7 a.m. will be fired on without warning.

Enquiries at the large firms responsible for the supply of petrol, kerosene and motor oils, elicit the information that there are supplies in the Colony which will last for months to come. There is no possibility of any interference with the incoming supplies.

A number of the Sisters of the Taikoo Hospital did not return to work yesterday morning.

HONGKONG TYPHOON HEROES.
HONOURED BY HIS MAJESTY.

London, July 6th.
At an investiture at Buckingham Palace, His Majesty the King bestowed the silver medal of the Board of Trade for gallantry at sea on Messrs. John Cropper, former Chief Officer of the *Loong Sang*, and Stanley Garrett, former apprentice of the steamer *Egmont Castle* for helping to rescue three survivors of the steamer *Loong Sang* which foundered in Hongkong harbour during the typhoon of August 18th, 1923.

BRITAIN'S FOREIGN POLICY.
HOUSE OF LORDS' DEBATE.

London, July 6th.
In the House of Lords, Lord Oxford and Asquith initiated a debate on foreign policy in Europe, in which Lord Grey, participating, opposed the idea of a policy of British isolation as impossible. Lord Balfour, replying said that with regard to the evacuation of Cologne the Government was awaiting the German reply to the Franco-British ultimatum note. He was disinclined to agree with Lord Grey's contention that the prestige of European civilisation had declined since the war, but such would be the case if an agreement did not emerge from the German suggestion. The Government did not consider that progress in arbitration principles would be helped by our assuming additional responsibilities in Eastern Europe beyond those covered by the covenant of the League of Nations. Concluding the debate, Lord Chancellor Cave said the pact had not yet been framed, but would be in the course of negotiation in a few days.

HOME TENNIS.

BOROTRA AND LACOSTE WIN DOUBLES.

London, July 6th.
The Wimbledon Tennis Tournament concluded to-day in beautifully fine weather. In the Mixed Doubles final, Jean Borotra and Mlle. Suzanne Lenglen defeated De Morpurgo and Miss Ryan by 6-3, 6-3. The French pair won the first two games rather easily, Borotra's accurate overhead smash being a big factor. De Morpurgo and his partner took the next three in great style, but the sixth went to the French pair and with Mlle. Lenglen playing magnificently, the French struck irresistible form and secured the set. The French team-work was superb and after each side had won a game in the second set, Borotra and Lenglen went to 4-1. De Morpurgo and Miss Ryan could not cope with the splendid variety of strokes executed by their French contemporaries. Borotra, partnered by his singles conqueror, Lacoste, scored his second success of the tournament by defeating the American pair, Hennessey and Casey, by three sets to two in a magnificently fought match in which each combination secured twenty-eight games. The French pair were in the ascendant at the start, but the Americans fought splendidly, Casey's terrific service being a feature of the game. Casey also showed surprising strength overhead. Borotra and Lacoste covered the court better than did their American opponents, who, however, won two sets by sheer hard hitting. In the deciding set, Borotra was superb. No ball was too far for him to get at, and his anticipation was uncannily accurate. His kills were just unlikable. Hennessey played well, but appeared to tire towards the close. The score was 6-4, 11-8, 4-6, 1-6, 6-3.

COUNTY CRICKET.

London, July 6th.
At Hove, Yorkshire defeated Somerset by an innings and 150 runs. Yorkshire batted first and compiled 414 runs for nine wickets (depleted). Somerset's first innings produced 146 of which Earle scored 56. Following on, Somerset were all out in their second innings for 188. Macaulay taking four wickets for 29 runs. At Cheltenham, Gloucestershire defeated Worcestershire by four wickets. In their first innings, Worcestershire were all out for 91. Parker taking eight wickets for 49 runs and leading his bowlers with 42 runs and 10 wickets. Gloucestershire batted first and compiled 155. Hammond taking four wickets for 25 runs. In their second innings, Gloucestershire were all out for 113 for the loss of six wickets. Hammond compiling 60 and Root taking five wickets for 53 runs.

FAR EASTERN CABLE NEWS.

(THROUGH ROUTE'S AGENCY.)

UNREST IN THE NORTH.
GOVERNMENT WILL PROTECT BRITISH INTERESTS.

London, July 6th.
In the House of Commons at question time, Mr. Austen Chamberlain said that no Note had been sent to the Russian Government as regards China, but he must reserve to His Majesty's Government full liberty to take whatever action they might think was required. (Ministerial cheers.) He deprecated the assumption that the Government were considering proposals to alter their policy towards Russia, but the situation needed careful watching daily. The Government must be free to act as necessary to protect British interests. He promised that if there was to be any change he would make the earliest possible declaration to the Commons.

GOVERNMENT'S INFORMATION.

London, July 6th.
In the House of Commons, replying to Commander Kenworthy, Mr. Chamberlain said the speeches of the Soviet Ambassador in Peking afforded sufficient ground for his recent statement with regard to Soviet influence fomenting troubles in China, but the Government had other evidence which he considered inexpedient to publish. Commander Kenworthy urged that before any drastic step was taken, all the facts and the full reasons for such steps should be submitted to the House of Commons.

Mr. Chamberlain replied that the Government must be carried on. He was anxious always to proceed with the full knowledge of the House of Commons where possible, and with their support, but it was incompatible with the duties of his office that he should undertake that all actions should be paralysed in emergency until the House of Commons was informed. Replying to Mr. Clynes, Mr. Chamberlain deprecated the assumption that the Government was considering a change of policy, and concluded by appealing to everyone, in the critical circumstances, to refrain from language that might make them more dangerous than they already were.

HEADS OF LEGATIONS.

Questioned as regards the Chinese negotiations conducted by the Italian French Ministers, and the American Charge d'Affaires, Mr. Austen Chamberlain said that nothing would be decided without the consent of all the heads of the Legations.

Mr. Trevelyan asked whether any action would be taken without reference to the House Government, and Mr. Chamberlain answered in the negative.

APPEAL FOR PRAYERS.

London, July 6th.
The Archbishops of Canterbury and York have issued an appeal for prayer in churches and homes on behalf of Christians engaged in missionary work in China, and especially of those who may be endangered and the statement of different nationalities on whom rests responsibility in this time of crisis. "For them we ask wisdom, power and vision which shall lead to firm, considerate and generous handling of a situation of extraordinary difficulty." (Continued on next column).

FIGHTING IN MOROCCO.
FRENCH REPULSE VIOLENT ATTACKS.

Paris, July 6th.
A message from Fez states that violent Riff attacks on the night of July 5th on a group of French positions in upper Leben, near Ainmatouf, were repulsed with heavy losses. The French advanced north-west of Kiffane, after a sharp engagement, in which arms and munitions were captured.

In view of recent enemy infiltrations, the women and children have left Taza as a precautionary measure. General Naulin, the commander of the Thirtieth Corps, has been appointed Commander in Chief in Morocco.

QUESTIONS IN COMMONS.

London, July 6th.
In the House of Commons, questioned as regards the situation in Morocco, Mr. Austen Chamberlain did not consider that British interests in Tangier were in immediate danger, but they were watching the situation carefully. Further questioned as to whether the House would be given an opportunity to discuss the situation before action would be taken which would commit Britain to naval or military operations, Mr. Chamberlain was unable to give such an assurance and declared that there was a serious menace to the Tangier zone their hands must be free. He added that a reply had not yet been sent to the Spanish request of July 1st and cannot be sent until the Government has further considered the matter.

TYPHOON WARNINGS.

STRIKE SERVICES OF THE HONGKONG CHINESE.

VALUABLE WORK BEING DONE IN MANY DEPARTMENTS.

Though the number of Chinese who have boldly come forward on the side of peace and order and are taking their part in the carrying out of the emergency measures for the benefit of the whole community is not commensurate with the large Chinese population, it is by no means negligible, and their whole-hearted and enthusiastic response to the call of duty is most gratifying. The following is a brief summary of the work they have already done or are doing:—

CONTROL OF FOOD.

Four Chinese gentlemen were appointed by the Government to assist Mr. N. L. Smith in the control of food. It is unnecessary to go into details as regards the valuable work the Food Controller and his assistants have already done. Suffice it to say that through their efforts the food problem of the Colony has been taken well in hand, and that all the commodities have been available for sale at reasonable and not inflated prices. The sale of pork was stopped for one day, and for one day only, whilst beef and pork are now readily obtainable from numerous street hawkers, who bring their wares to the very doors, and at reasonable prices. The Committee of the Tung Wah Hospital also co-operated with the Chinese Assistant Food Controllers as regards the sale of pork.

CONTROLLER OF LABOUR.

Dr. S. W. Tso was appointed Controller of Chinese Labour, and, with the assistance of three or four Chinese, organised a Labour Bureau which is functioning with the greatest efficiency. Nearly a thousand Chinese have been enrolled, and out of this number workers have been assigned to various emergency duties. Fresh recruits are coming in daily.

POLICE RESERVES.

About 200 Chinese have enrolled, as special constables, under the leadership of four Chinese who have had previous experience of the work, and they are performing valuable services in patrolling the streets, acting as guards on the trams, doing special duty at various places such as the Star Ferry, etc. They form a most useful complement to the European special constables, with whom they are working in close co-operation.

CENSORSHIP.

Censors of cables (under the S.C.A.) of postal matters (under the Postmaster-General), and of Chinese newspapers (under the S.C.A.) were appointed, and have been functioning satisfactorily. The labour involved is necessarily great, but the Censors (numbering over 60) are working wholeheartedly, so that the necessary delay in the delivery of cables and postal matter may be reduced to a minimum.

AGITATORS STILL ACTIVE.

SHANGHAI, July 6th.
The bulk of the power supply of electricity has been discontinued. A number of mills are installing their own motors.

Agitators are taking advantage of the discontinuance of the electricity supply and are furthering unrest, but no serious trouble has occurred.

The intimidation of tramwaymen is being carried on without abatement. Last evening, a crowd of a hundred, including a number of former tramway men, held up a car conveying thirty tramway fitters from the repair shops. They forced the fitters to accompany them to Chinese territory.

About half the telephone operators have resumed work.

The body of an American member of the crew of the *a.s. President Pierce* has been found in a creek, whilst a British bluejacket has been missing for sixty hours and has not yet been found.

At the inquest on the man who was shot by the American seaman Dizik, it was stated that the decided was shot by the sailor when the latter was protecting a Municipal officer. Two men who were arrested were charged at the Mixed Court, one for inciting to riot and the other for firing crackers. The first was remanded on bail, and the other nominally fined.

The Japanese community is raising subscriptions for the purpose of making a presentation to the Volunteers and naval landing parties in recognition of their services. So far, nearly \$10,000 have been subscribed.

CHUNGKING POSITION.

SHANGHAI, July 7th.
A wireless message from Chungking dated July 6th states that the Japanese Collection was surrounded by a crowd all day long. The Japanese Consul considers that a collision is likely, but the authorities have taken no effective action.

MERCHANTS' GUARD.

Under the auspices of the Chinese General Chamber of Commerce the various firms in the Chinese district are organising a Merchants' Guard for the purpose of keeping a more vigilant watch on their shops. They will be unarmed, and will work under the supervision of the Captain Superintendent of Police.

FERRY PASSES.

Chinese gentlemen have been appointed to act at the Railway Station in Kowloon, and at the City Hall, for the purpose of issuing passes to Chinese travelling by the Tsimshatsui Ferry.

THE YAUMATI FERRY.

Through Chinese efforts and enterprise the service of the Yaumati Ferry is still being maintained.

FIRE-EXTINGUISHING CORPS.

A Chinese Fire-Extinguishing Corps is being formed.

CHINESE WOMEN VOLUNTEER WORKERS.

Chinese lady volunteer workers are being enlisted, and several are already performing useful services.

HONGKONG VOLUNTEER CORPS AND BOY SCOUTS.

Chinese have joined the Hongkong Volunteer Defence Corps, and Chinese Boy Scouts are maintaining the prestige of their organisation by performing much useful work for the public good.

AMBULANCE SERVICE.

About 50 Chinese have been enrolled for the Ambulance Service organised under the St. John's Ambulance Brigade. The cost of uniforms and equipment has been defrayed by Mr. Ho Kow Tong who himself has joined the Corps as an active member. 25 Chinese medical practitioners have also attached themselves to the Corps.

PROTECTION OF LABOUR.

A Chinese Labourers' Protection Association is in course of formation, and when formed will have a most beneficial effect. The members will maintain the right to work, and to earn a living wage, and will not tolerate intimidations which are now so prevalent.

Other useful work is being performed by the Chinese, but it may be detrimental to public interest to enter into all details.

HALT IN NEGOTIATIONS.

PEKING, July 7th.
It is admitted in Legation circles that the negotiations with the Chinese Government with regard to Shanghai are at present at a standstill, but the opinion prevails that Mr. MacMurray's arrival will probably produce a development in a day or two.

SHANGHAI SITUATION.

SHANGHAI, July 7th.
The shipping situation remains the same and the concentrated intimidation of the last few days has resulted in a number of tramwaymen failing to go to work this morning, but the Tram Company is determined to carry on and special constables guarded the trams to-day. There was no incident otherwise, however.

The situation is quiet though 40,000 people are idle due to the cutting off of the bulk of the power supply electricity. In many cases workers are returning, it is believed, owing to the inadequate dole been given out.

DOSSER TRIAL.

SHANGHAI, July 7th.
The Mixed Court dismissed to-day three of the four charges against Dosser who was allowed bail in 20,000 taels (which the Soviet Trade Mission is alleged to be furnishing).

The remand is for a week. All the charges against Mrs. Dosser were dismissed.

The remaining charge against Dosser is that he made preparations openly to incite disorder. The Court dismissed the charge against the accused of making preparations to commit a hostile act against certain foreign states, owing to the fact that the text of the article in the Chinese Criminal Code on which the charge was based meant "declare war" and not "hostile act."

Two other charges were dismissed as they rested upon the above mentioned charge.

Of course, sir, tastes differ. Some people have judgment and others have none. But I've more respect, sir, for the man who smokes always an inferior cigarette than the man who smokes good ones occasionally and just anything the next. Yes, sir, I can say it positively hurts to hand Kensitas to such smokers. Kensitas were not intended for such poor judges because Kensitas are too good to waste.
